

Leonardo Pérez

Cll 23 #41-70 Ap 712
Medellin, CO

I have a broad vision regarding all the software development process. My experience in different sectors of the industry allows me to create integral solutions that provide value to the process.

I am using following **languages**:

C/C#, Swift, Java, Kotlin, React Native, Flutter, ReactJS, NodeJS, AngularJS, VueJS, ElectronJS, PHP and their frameworks

Traits in development

As a good researcher, I will be able to solve the challenging problems. My greatest strength is a combination of enthusiasm and persistence. I am able to persevere through challenges and setbacks without falling into frustration. I am very passionate about work and because of my high energy levels.

As a fast- learner, I am confident I can quickly learn what is required in the position and contribute to the team's objectives. My work ethic won't let me settle for less than my best.

If you hire me, I will put my best to achieve the goals of your team.

Hobbies and Interests: I like sports and music and in my free time, I enjoy gardening and hiking.

Open to work for any employer, and anywhere.
